

AL NIBRAS for Engineering Workings can give you a tremendous and optimum service in these fields:

1- Selling all types of surveying instruments and accessories as we are Topcon dealer in Libya.

2- Giving training courses on our surveying instruments and software.

3- Executing several surveying tasks such as:

- **Data Collecting.**
- **Data Layout**
- **Cut Fill Calculation**
- **Leveling**

4- Maintenance for surveying instruments in a very short time as we have a workshop ready anytime for calibration and repair.
