

AL NIBRAS for Engineering Workings was established by Mr.Mohsin el-Naas 1996. From the beginning when we decided to work in the survey field (sales, marketing, technical support) we were looking forward being unique in Libya in this filed.

And now after taking the responsibility of being the authorized dealer for one of the major companies in this filed, [Topcon Corporation](#) . We can serve everyone interested in this kind of business.

If you are a surveyor, engineer, contractor, consultant, or even a student, you have to visit us.
